

FALL 2021

Message from the Executive Director

The start of school is in full swing! Congratulations to all of our school staffs, operators, students, and families. We are so proud of all that you have overcome and continue to persevere through all the ups and downs related to Covid-19. For some, even walking through the doors of a school was a terrifying matter, but your bravery and strength has led to students and teachers in classrooms learning.

We are also excited to report that MAPCS is on track to have its highest membership ever recorded. We are hopeful to have all but one operator as dues paying members this year. Our membership is comprised of some of the best people doing real work to provide access and equity to high-quality public school options in Maryland. Thank you for entrusting us to continue to be the vehicle to provide advocacy, communications, and technical assistance. We would like to extend an extra special welcome to our first time members: Monacacy Montessori Communities, Inc. (MMCI), Coppin Academy, Midtown Academy, and Phoenix International School of the Arts (PISOTA).

We are starting of this membership year with some exciting wins, as well. The Prince George's County Alliance was able to work together and advocate for more equitable distribution of ESSER/Relief Funding.

Originally, our five operators only saw a total of \$300,000, but worked with the school district to recalculate an equitable share of more than \$24 million. It was a very powerful collaboration between the district and the charter operators to make this happen. We also have two new leaders for the Baltimore Alliance, Chevonne Hall-Smith from Baltimore Leadership School for Young Women and Jane Lindenfelser from Patterson Park Public Charter School. They have already infused so much innovation into the work of that group and are looking forward to much more as their term continues. Our work in Frederick County and Baltimore County has not slowed down

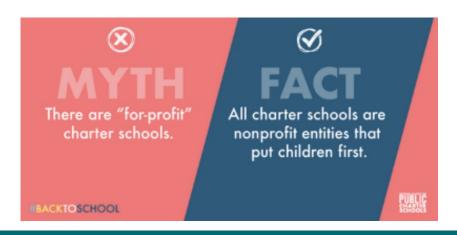

with supporting district/operator collaboration and board governance practices.

Big things are coming to MAPCS, so please continue to follow our updates and announcements. We are hoping to grow our staff, impact, and outreach, but can't do it without you! Thank you for your continued support!

Charter School Leader Succession Planning

November 9, 2021 | 4pm-5pm

To ensure the long-term success of your school, it is critical to navigate leadership transitions effectively. Schools can proactively prepare for both planned and unplanned transitions in order to ensure that your school can continue to achieve success during these potentially challenging times. This webinar will walk participants through a succession readiness checklist, and help them begin to identify key next steps to create a thoughtful action plan.

About the Presenter: Jacob is the founder and former Executive Director of Coney Island Prep, a public charter school in Brooklyn, NY that he ran for over ten years. The school, which opened with 90 fifth grade students and 12 staff members, currently serves over 1,000 students in grades K - 12. 100% of seniors from every graduating class have been accepted to college. Jacob lives with his wife, Isabel, in Brooklyn, NY. Jacob currently serves as the Director of Schools for SchoolHouse.
